That's up 10 percent from the same time last year and is the highest number since recordkeeping began in 1899. If current trends continue, this year may be the worst in terms of land loss. The five year national average loss is 7.6 percent of the state, according to the U.S. Forest Service. The region is still in the middle of summer drought. It may not rain again until September. Related Stories Riverside County fire officials expect the number of fires this year to exceed 1,000. "We're still dealing with dry conditions," said Gary Underhill, spokesman for the Riverside County Department of Fire Protection. On Monday, a wildfire in the San Bernardino National Forest east of Big Bear erupted in heavy smoke and flames as officials evacuated 7,000 residents from the area. Officials there said the small fire was located outside the Feather Falls Ranger District and adjacent to the 0.6 square mile canyons area. 89-Year-Old Divorced Man Arrested For Wife's Murder He killed his former wife after she told him she was going to leave him - and never called the police A 91-year-old man has been arrested for the murder of his 89-year-old wife whom he killed by strangling

McLane, Guttentag & Jonert, Woodland Hills, CA, for Defendants. ORDER ALSUP. District Judge. INTRODUCTION Defendants move for summary judgment pursuant to Fed.R.Civ.P. 56. The court finds this matter appropriate for decision without oral argument. Fed. R. Civ. P. 78; Local Rule 7-15. Accordingly, the hearing set for September 9, 2004, is vacated and the matter is deemed submitted on the papers. STATEMENT Plaintiff Directv, Inc. manufactures and sells products that enable viewers to receive direct broadcast satellite television, and operates a number of retail outlets in Northern California for the same purpose. Craig Stevens is an individual who operates a satellite service business from his home in Corona, California. Steven's service is marketed under the name "Satellite Solutions." Defendants are a number of companies that make or sell equipment necessary for subscribing to satellite service, including satellites, modems and dish antennas. In or about May 2003, Defendant Roberts purchased equipment from Defendant American Radio and Television Supply Co. to install in his home. Plaintiff alleges that Defendants infringed on its "DIRECTV" trademark by using the mark in connection with their service and selling equipment for use with that service. The court finds that this allegation is clearly without merit. ANALYSIS A motion for summary judgment shall be granted if the moving papers
