I saw the message from the notification area in the upper right corner of my screen. After repeating it two or three times, I disabled it and re-enabled it. After repeating it one or two times more, I went ahead and...Vitamin B12 About Online medical communities are filled with advice on the most effective way to approach nutrition. You can search the internet by health issue, or get to know the big names in the medical field by following their individual blogs. Some have been around for a long time, but the blogs of those who are leading the way in nutrition are very specific about what they are preaching. This is great because it can help you make informed decisions. Here are a few of the most popular, and most well-known, online medical forums: The Mayo Clinic has posted a great overview of the research that has been done and how vitamin B12 may affect your health. Vitamin B12 The B vitamins are a group of water-soluble vitamins that work together to promote health in many aspects of your life, and the primary component of vitamin B12 is B12. B12 deficiencies are very rare. B12 is necessary for the proper metabolism of carbohydrates, fats, and proteins. A lack of B12 may cause you to feel light-

headed and weak, and your cells may begin to waste away. B12 is also involved with your nervous system and red blood cells. Vitamin B12 You can get B12 from several sources, but your body cannot make it on its own. Many animal foods contain B12, but it is mainly found in animal flesh. Vegetarians may be able to find B12 in plants, including fortified soy products and dairy products. The only way to get enough B12 in your diet is through food. There are two types of B12: intrinsic and extrinsic. Intrinsic B12 is found in a variety of foods, but it is not normally absorbed into the body as easily as the extrinsic B12 found in supplements and fortified foods. B12 comes from animal foods, especially red meat, fish, poultry, and dairy products. Think of it as the male to B12's female counterpart. This is called intrinsic B12 because it is the type of B c6a93da74d
